

Policy for the enactment of Covid-19 Guidelines for Company Events

This policy will govern all public events produced by the Company unless a subsequent policy is passed to its effect for a specific event or updated according to the procedure set out below.

Masks

1. In accordance with current [CDC guidelines](#) for vaccinated and unvaccinated persons based on [current community risk](#), masks are **strongly recommended** for all individuals over the age of 2 while inside event venues.
2. Harassment of any individuals over the subject of masks is strictly prohibited. Harassment of attendees, staff, vendors, artists, guests, or partners over the act of wearing or not wearing a mask will result in being escorted from the convention and confiscation of your badge.
3. Masks may still be required to attend specific programming events (i.e. ceremonies, panels, fan meetups, VIP events, etc.) and we will note this requirement on the schedule both in the Company app and on the Company website.

Social Distancing

Individuals and their immediate parties are advised to maintain 6 feet of distance between other individuals/parties where possible while inside event spaces, especially in lines, panel rooms, gaming areas, and designated areas.

Vaccinations

Everyone that will be in attendance is recommended to have received at least one dose of a vaccine before arrival.

Documentation

At this time, we will not be requiring documentation of vaccination or negative COVID-19 tests. However, we recommend anyone who feels symptomatic or those who may be traveling in to get tested at any of the available free testing sites. If in the event you are symptomatic, please refrain from arriving at the event until you have obtained a negative test result. If you receive a positive result within a week of, or during, the event, please do not attend, and contact us to roll your pass over to the following year. Proof of positive test will be required for rollover. Arriving at the convention after receiving a positive result will result in being escorted from the convention and confiscation of your badge.

Term of Effect

This policy will remain in effect until updated by the Committee for Policy & Administration or at a meeting of the Board, a subsequent policy to its effect is passed, or a motion is passed to end its requirement.
